“ *We was so shocked and sad to hear about Alice. I remember so fondly times that we spent the night at each others homes. Andrew Blum and I were sharing some great memories via Facebook since we were all neighbors. Alice was so beautiful and was kind to everyone. We have been praying for all of her family since we heard the news. I know friends from Asheville, Chapel Hill and Chicago were all touched by this amazing lady and are now mourning her loss. God Bless you all!*

My family and I appreciate all these kind and wonderful thoughts about our beloved Alice. Thank you so much for taking your time to share these comments. Though I am still choking back tears as I read them, they do give me a measure of comfort

“*Heart broken to hear of this loss to all. Alice was truly a sweet, smart, and gifted person. Being one of the Asheville folks, I sat next to Alice in most classes from fourth grade up to high school graduation... when classes arranged alphabetically. What a special person. I had recently reconnected with Alice a few years ago through LinkedIn. But had no idea she would be taken from us at such a young age. My heart goes out to Alice's family for your profound loss. And my heart goes out to all my old friends with whom I share this profound sadness. Alice, we miss you.*

“*I am so sorry for your loss. Although, I do not know your family personally, I would like to share some encouraging thoughts from the Bible. The Bible provides comfort during these difficult times. Revelation 21:3-4 states, And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away. Very soon now, we will never experience losing our loved ones in death and we will be able to see them again once they resurrected as per John 5:28-29. May these words give you a new hope.*

“ *How sad to hear of Alice's passing, I am sure she has left a void in many lives. Though I had not seen her in recent years, what I did hear confirmed that she still approached her life with the excellency and integrity I remembered of her from our youth. I know that I am a better person for having known her. My family (husband and children) have even heard of her, because when I describe my childhood, it is Alice that set the bar for excellence and achievement. And she did it so gracefully that I was never bothered that I could not clear that bar! I am thankful for the heights she inspired those around her to set as their goals. She will long be remembered, and I will keep her family in my prayers.*

“ I remember Alice taking the time to speak with all her classmates in highschool. Even though she was most likely the most popular girl in our class, she was also very down-to-earth and took time being nice to everyone. She was humble and kind. I am stunned and sadden by her long and distressing journey. Alice has left me with a gift--- the message to be aware of where my 12 year old daughter is as she begins her journey into adolescence and to keep in close touch with her as she deals with her own struggles of growing up. Thank you Alice. You and your family are into thoughts. Love,
Patrice

“ *My heart is broken over the loss of one of the dearest people I have known in my lifetime. Alice and I were childhood friends and I have such fond memories of her going to the beach with our family. I was always in awe of her. She was everything I aspired to be. She was beautiful, extremely intelligent, thin and good as gold. I thought of her often as our lives went their separate ways, always assured that she would be successful and fulfilled in her life. My prayer for her is that she is at peace now and is in heaven finally seeing the truth of what an amazing woman she was. Alice will always live in my mind and in my heart.*

My prayers also go up for Michael, Shirley, Gloria, Becky all of those who loved her and whose lives she touched. May God strengthen all of you as you grieve over this huge loss

Sincerely

June, your kind words give us strength at this time of our great need. I remember the summer she spent with you at Camp Henry as well as the many summer days at the pool as well as summer trips Alice took with you and your mom and dad to one of the Carolina beaches. I know she enjoyed and valued those many times she spent with you.

*Thank you Linda for your comforting words. Your mother and your

Becky, I am SO thankful Karol and my Mom were able to visit with you, Gloria and your Mother..... I can not tell you how Alice's death has saddened so many! So many loved and admired your precious sister. I can not imagine the pain you all are experiencing. I can't go long without thinking of you ALLI and asking God to provide EXACTLY what you need, as you are grieving....

My Mother began a previously planned 10 day visit with me yesterday. I waited till this morning to assess her ability to make another trip from Memphis to Chicago for the Memorial Service tomorrow, yet realized it would be too much. I really wanted to come CELEBRATE HER LIFE with her family and friends tomorrow... You just know I will take that time to get away and spend that time with the Lord and His Word, and pray for each one in attendance to have His strength and comfort...

PLEASE know your family is so dear and loved by so many!!! I wish I could give you all huge hugs!

*May God richly bless you,
Linda*
