

Ms. Bettie Sue Smith

July 25, 1932 - May 4, 2014

Bettie Sue Smith, 81, died on Sunday May 4, 2014 at Mission Hospital St. Joseph's Campus. A native of Almo, KY she was the daughter of the late Parker Clayton Smith and Euva Bell Phillips Smith. Bettie Sue was also preceded in death by two brothers, James M. and Thomas L. Smith as well as a step brother, Donald Nichols. She is survived by four nieces and one nephew.

Bettie Sue earned a Bachelor's Degree from Lambeth College in Jackson, TN and went on to graduate with a Master's Degree in Education from the University of North Carolina at Chapel Hill. She retired as a Deaconess from the United Methodist Church and was a member of St. Paul's United Methodist Church in Asheville.

Betty Sue fulfilled a lifetime commitment to teaching at Allen High School in Asheville, North Carolina and later at Red Bird Mission in Beverly, Kentucky

A memorial service celebrating her life will be held at Brooks Howell Home, 266 Merrimon Ave., Asheville at a later date.

“ *Oh Betty Sue! You taught right down the hall from me my first year teaching!!! You knew exactly what you were doing.. And I was scared to death and right out of college. I must be the same age now as you were when you were at that time. Now I know that quiet confident teacher's heart... Sure and strong like yours! Fully of stories of lives touched across the years. Much love to you Betty Sue!!*

“ *Cheers, Ms Smith. Thank you very much for your presence here on earth. It would be unlikely that you knew what a wonderful and positive influence you were on so many young lives. Cheers to a great teacher and a wonderful role model. We all loved you and will remember you always. You have left a legacy with your students that will not be forgotten. Thank You, Ms Smith- Rest in Peace, you are home.*

“ At Allen High School, I was that not-easily-tamed teenager who asked too many questions and always wanted to answer those asked of others. If my father had encouraged me to ask, Ms. Smith taught me how to think and to give careful consideration to my responses. Opinions are one thing; facts are another. We shared a love of literature and a passion for the classics from England and America. But she also instilled in me a love of contemporary writing and topics in our Readers Digest subscription, piquing my interest in journalism. I thought I wanted to be a journalist, because she was so attentive to my development as a writer. When my father died my senior year, her guidance was invaluable for my college plans. But literature was my first love, and I could not depart from it ultimately. By the time I began grad school, that love of literature, how we come to understand others through what we read, how we learn to be more human, had taken over. I realized what was missing, a whole body of literature that too few people had studied. If I entered this new field, I could fulfill my passion for the old and the new, I could do groundbreaking research, a kind of literary archaeology. Of all the classes I remember, Ms. Smith’s classes brought everything I’d learned together: the research skills Ms. Kelley taught, a thorough knowledge of the library from Ms. Litchfield, and my own peculiar way of selecting uncommon themes that Ms. Smith told me were remarkable. . . remarkable, yes, but could always be better. Because I was passionate, I did want them to be perfect, and she wanted me to want that too. Ms. Smith and I were both friends of hard work, and I am certain that she is one of the main reasons I chose to enter what was a relatively new field in literary studies forty years ago. I can’t think of anyplace I’d rather be today than a teacher, who patterned herself after the most remarkable teacher I ever had.

“ *I was very saddened to hear of Miss Smith's death. She was my English teacher at Allen High School grades 10-12, as well as a very good friend. After graduation, we continued to communicate every Christmas via cards and letters; and, I would send her a coffee cake and Biscoff cookies to acknowledge my appreciation for her kindness during my high school years. I will always cherish the last time I saw her, April 2008, when she was in Washington, DC, for an Allen reunion. When the Lord calls us home, he leaves a gift of memories in exchange. Thankfully, I have many of Miss Smith.*

“ You were a fabulous teacher Ms. Smith! You taught me well. It was a God given privilege to sit in the classroom as one of your students. You had a tough exterior and a wit so sharp that none of us dared challenge it. You had to have that tough exterior because high school students are not always focused, and do not know what they need to learn for future success.....but you knew.....and you made sure we learned. May you rest in peace knowing how many lives you had a positive impact on and let us all pay it forward in your honor.....Respectfully and lovingly, Barbara Fee

“ I am so sorry for your loss. Although, I do not know your family personally, I would like to share some encouraging thoughts from the Bible. The Bible provides comfort during these difficult times. Revelation 21:3-4 states, And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away. Very soon now, we will never experience losing our loved ones in death and we will be able to see them again once they resurrected as per John 5:28-29. May these words give you a new hope.

“ I can't ever remember a time when I didn't know Miss Smith. She went to our church and I had her for English 3 of my 4 years in High School. She was my home room teacher and I worked with her on the year book. I have thought of her frequently since I left the mountains. She taught me so much, and not just scholastically. She was a wonderful person and a friend.

“ Miss Smith was a great English teacher and friend. In the last few years, when I visited her, it was important for me to let her know what a difference she has made in my life. I told her that I tried hard to live up to her expectations of me throughout my life. Tears would come to her eyes, and then she would always change the subject. She was truly a humble person. “ We always had test on Friday right after we returned from vocational school at Bell Co. She would have those test ready and waiting on us. The look was always the same. You could see it in her eyes. The look was I hoped you studied for the test. I'm like I'm through. We knew to study on our way back on the bus. One time I did a book report in her class and kink of read the beginning of the book and some in the middle, also toward the end. I wasn't the only one that did that too. For some reason I took a bad grade and the other dude got like a B. I'm like what? Why me. He didn't tell me he had already read the book once. He received his paper before I received mine. I said to myself, I got this. WRONG. I asked her how many books she had read in the Library and she said most of them. I'm like my goodness man that's a lot of books. She had me before I could say another word. She did say read the book next time. If you didn't learn anything in her class, you couldn't be taught. I think every student that went thru her door to her class knew they had to work or fail. I'm so thankful for her way of teaching. She knew how to bring out the bad and the good in a student. You had to earn your grade in her class or it was simple you failed. I can still see he walking down the hall with a apple in her hand and say get to class or where are you suppose to be now. Thank you Miss Smith for all the great years of working and putting up with us. you will be missed. I must say I still wonder about that book report though. I worked really hard on it.

“ *Betty Sue Smith was a remarkable teacher and a remarkable person. She was a stewart part of Red Bird Mission, Red Bird School, and all of the Red Bird Missionary Conference, for that matter. “ *Bettie Sue had such an impact on my life, so much that I'm certain not enough space is available to write it all down. I will say this, she taught me to look for the positive in things. "How can you ever expect good things if you only look at the bad?" I hadn't talked to her in a few years but the last time we spoke she did tell me she was proud of me and the attitude I had developed. I received a message from her friend who saw her the night before she passed, she told me that Bettie Sue knew how much we loved her, and we know how much she loved us. “As evidenced by the numerous memories from the Tribute Wall, Bettie Sue was a unique individual. I first met Bettie Sue when I came to teach at Red Bird School in 1977. She offered a warm welcome and guidance to a "flat lander" from Nebraska. She was an exemplary teacher and mentor to many students and others whose lives she touched. Both my children, Michelle and Lance, attended Red Bird School. Michelle graduated from Red Bird before venturing out into life. I always admired Bettie Sue's ability to deal with her arthritis and other ills while maintaining a positive attitude and outlook. Bettie Sue, Barb Smith, Bev Reitz and myself shared many fun and memorable experiences while I was at Red Bird. She was a dedicated teacher, blessed friend and a wonderful Christian. Please know that you, her family, are in my prayers and thoughts as you go through this time of loss. Receive comfort from the knowledge that she is welcomed into Heaven and will be among God's faithful Angels.

“Whenever I read, preach, or teach Psalm 139 I think of Ms. Smith. When I was a senior I heard an Ash Wednesday sermon preached on that text. The next day in the Bible class I was taking with her we had to choose a passage of scripture to write about and I naturally thought Psalm 139 was a good choice. Unfortunately, she had been at the same Ash Wednesday worship service and was not in favor of my scripture selection at that moment. I think she enjoyed catching me in my laziness as much as I enjoyed trying to pull one over on her. Thank you, Ms. Smith, for always loving us so fiercely and demanding our absolute best.

“ I had Miss Smith for English & Bible at Red Bird Mission from 1992-1996. At first I feared her, because others said she was tough, but I learned so much from her. She was a true teacher, she was there to teach you, prepare you for college, no playing around. I learned to write papers like nobodies business in her class!!! She demanded the best out of you & when you got her approval, with a little smile, it was the best thing ever!!! Also the bible classes, were a foundation in my Christian walk, I had to memorize this verse in her class & it will forever link me to a fabulous teacher, who taught myself, as well as so many others so much. ~In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you.

And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also.

I knew Bettie Sue Smith at St. Paul's Methodist Church. I was Director of Christian Education there and we became good friends. After she had accepted the position at Red Bird Mission, I rode with her to take a load of her belongings to that facility. I'd never been in that area of KY. I'll never forget our trip and dodging coal trucks along the way. Loved her sense of humor and quick wit. I never "got one on her" but that was OK. I loved her and admired her greatly. Though we lost contact after her retirement, she remains one of my treasured friends. God bless you, Bettie Sue. You left many friends and former students influenced by you.
