“ *I have known Ethel for 15 years, Did her and Eunice's hair every week for almost that amount of time, I always felt a bond with her because I am from England to and we used to talk about different places over there, She was an amazing lady so very interesting to talk to, I will miss her like family after all those years I built a bond with her that is like a family bond, I know she is in a better place and no longer in any discomfort, The last few weeks seeing her she really was not well.
My deepest sympathies go out to her family I did meet a couple of you over the years, I will sure miss seeing her every week ...*
