“ I was lucky enough to work with Ian and have had many great conversations. We shared a love of movie quotes and conspiracy theories. We played pool together and laughed together. You will be missed my friend.

“ It is very sad to hear of the passing of Ian. He and I worked together back in 2009 for the National Park Service. He was a cool dude. We drove around everyday sharing stories and each other entertained. He will be missed. Thoughts and prayers to the Lively family. I'm sorry.

“ Ian always reminded me of tigger. Bouncy, goofy and absolutely and completely himself. I will miss you my friend. The world just got a little less bright without you in it. Fly high buddy. Thank you for being my friend

“ *I learned of Ian's death today, 4-8. I am a client of the Gibson Pest Control Service where he worked. Ian, like the company he represented, was a true professional. We shared some life stories during his visits. Ian was kind, thoughtful and often made me laugh. I will miss seeing him. I'm certain that the Angel's hugged him to welcome him Home. God bless you. Thank you Ian for for sharing you goodness with planet earth. Peace. PM*
