

Mr. Jack C. Hacker

April 2, 1925 - July 23, 2015

Jack C. Hacker, 90, of Black Mountain, NC crossed over while at home on July 23rd, 2015.

Born April 2, 1925 in his native Austria, he was the son of the late Israel and Annie Engel Hacker. Jack shared his many talents throughout the European Continent, until finally adopting the United States as his “forever home.”

Meeting his wife of twenty eight years while in Florida, he then retired to the old and peaceful mountains, held sacred, where he is survived by Phyllis Hacker of Black Mountain.

Additionally, surviving his passing is a daughter, Michelle Roberts (and Kelly) with grandsons Joshua and Jacob Roberts of Apopka, Florida. He is also survived by three sons; Mark Hacker (Lynn), Jeffery (Julie), Richard and one grandson Michael Hacker.

Jack held a special place in many hearts. Known widely for his soft spoken teachings, his deep connection with nature, and his joyful manner of living, Jack inspired so many with his sage words. All whose lives he touched were left a gift, moments of wisdom which would be carried along each individual’s path.

Jack will be perpetually remembered as the serious student of Spiritual considerations, from the Semitic discipline, across a spectrum of truths, which would provide a beautiful Pure Light for the steps he walked his 90 years.

His family; many, wide, and varied, will assemble to reminisce in unity, expressing their sorrow in his passing and their Joy for having been touched

by the beautiful soul known to so very many simply as Grandfather.
A graveside service will be held 11:00 AM, Tuesday, July 28, 2015 at
Riverside Cemetery with Rabbi Wolff Alterman officiating

.

“ *Mark.... I have searched you out various times over the years and would love to connect.... Who would imagine that it is through your father's passing that I might find you. Quite honestly I have so little left of what was my father and wonder if perhaps his association with Charlotte might fill in some blanks. If you have time and don't mind, please contact me..... Elayne Kostman Slimak. elayneslimak@gmail.com..... Thank you*
