“ *Jim hired me back in '95 to work at the now WMYA Transmitter Facility in Simpsonville, SC. He was a terrific boss and made my job enjoyable and rewarding. I was so sorry when he retired and have missed him ever since. He remained a friend afterwards, right up to the present and it was always uplifting to converse with him and enjoy his humor. God bless and keep you Jim. Thanks for all you did for me. And God bless and give comfort to his wife, Carol, Daughter, Lynn, and Family.*

“ Jim was at once a very good friend, mentor and boss. I had the pleasure and privilege to work very closely with him for 25 years. Together we tackled the many challenges and adventures of broadcast engineering, and he made it all possible with his intelligence and amazingly quick wit. All my family's thoughts and prayers are with him for peaceful rest and for his entire family.

“ Jim was a first-class guy. He built WLOS, then built it over. Always got the job done. I appreciated his low-key demeanor and dry wit. My thoughts are with Jim's family, may he rest in peace.
