“ *Mrs. Hall was an amazing teacher for me and a friend to our family. I have clear memories of kindergarten, and of Craig babysitting (and singing Jesus loves me). My world was a better place because she was here, and our family's thoughts are with the your family.*

“ *I will greatly miss the wonderful Joan Hall and I am thankful for the memories I have. I've known her for about 5 years and her generous kind spirit, matter-of-fact attitude and zest for life made an impression on all those who met her. She was always observing and commenting on teaching and communicating and these comments were valuable. She once gave me a bowl in the shape of a moose (see photo below) that holds candy or treats to help in the care of our pediatric patients. She explained to me that before doing a procedure we should always explain to them what was involved and that a small amount of pain would be felt. She advised me to offer the moose with candy or treats and say, "Do you see the moose is saying Ouch for you so that you don't have to." I can only imagine the wonderful ways in which she touched the lives of many and I am thankful to be among them.*

“ *I started St Genevieve in the first grade and for the nine long years I was there I knew I'd started one year too late. Seeing Ms. Hall and here kindergarten march by laughing and giggling was a daily occurrence. She personified everything that is good about kindergarten teachers.*

“ Our heartfelt sympathies to Craig, Courtney, Elliot, Maisy, and Jack. Joan was such a friend and wonderful woman. Her zest for life and her family was evident anytime one saw her. She loved teaching, adventure, and her special place in Fairview. She will be sorely missed. When she and I drove to Winston to see Phil, we solved the world's problems and laughed at some of our solutions. I will treasure those visits and the wisdom she shared with me during those travels. We came to know each other through tennis, but became longtime friends through our treasured memories. Keep her memories alive through pictures, "Joan" stories, fulfillment of her hopes and dreams for each of her beloved family. You are all in our thoughts and prayers and this time.

“ Joan !: creative, funny, warm, welcoming. Awesome tennis player, a real trooper. I will always remember the clever game party at the cabin, when Connie took one for the team and went right into the pond for the clue. What an honor to have you in my memories, Joan. My sympathies to Joan's family and many many friends. Mary Schillereff

“Joan's love of life and generous spirit were matchless; she gave so much to others and always had a positive attitude. She instilled that same spirit in the little ones she taught. Over twenty years ago she gave her first graders a wonderful project of making a huge Get Well Banner for someone who was sick. I was the lucky someone. Joan cherished friends and family; she was a courageous woman and she will be missed. And I know God is holding her hand. Sandy Smith
