“ *Dr. Younger will be long remember for his talents, gifts, his genuine kindness, & extroverted personality. He was a true healer in many ways. We had great conversations when I came to his office. This world we live in is truly a better place because he used what gifts & talents, empathy, compassion, & conversation to make other's lives well & better, & to communicate to his patients that each one was his priority during the appointment & as his patient. I have many health & dental issues & Dr. Younger would work w/ me to get through them. Several times he called call to see if our decisions we agreed upon together worked to better my life & help w/ my health & dental issues. Dr. Younger was a professional, knowledgeable regarding many topics & subjects, caring, a wonderful person, & a great guy. I did get to convey my appreciation & gratitude to him on October 23, 2018. I will miss him for his laughter, great conversations, humor, & caring manner, but most of all him being himself. WNC's communities are a better place because of Dr. Joseph Younger's presence among us.*
