“SMILE”

The first word I think of when I think of Kayla is "Smile" she had the best, biggest, and brightest smile I've ever seen... I was blessed to get to know her for a short time but the time I had with her was always fun... I remember us all going to the Nature Center one day and she helped me out by pushing me & my wheelchair around and was happy to do it... Kayla was a one of a kind special girl that touched everyone that meet her weather you knew it or not at the time... She will always be missed but she is up in Heaven where there is no more sin and no more pain and I know she is still smiling that beautiful smile right now beside God watching over you Susan...

Susan, may GOD bless you and your family and keep you wrapped in his loving arms, Amen...

“ *Kayla was a special girl. Her and I had so many conversations about Lord of the Rings and The Hobbit. She loved the elves. Funny thing, they were my favorite too. So I hope in Heaven, she is as mystical as the Elves she loved so much. Rest in peace, my sweet friend and family. <3*

“ I feel so blessed to have known and spend time working with such a beautiful soul. Kayla had so much heart, passion and enthusiasm for life. She was so eager to get that job & always had such a positive energy to her with a smile just made my day! She set goals for herself, and knocked down every barrier in her way to achieve them...and that she did!! A life lost too soon, but a legacy that will never be forgotten.

My condolences to you Susan. You and your entire family are in my thoughts!
