“ *We think of you everyday Matt! You are with us each and every day and never far from our thoughts and lives. We see you so often in everything thing that you have done and everywhere we look! I know you are smiling down on us and keeping watch over each of us. Colton thinks and talks of you all the time he misses his time with you. Thank you for visiting him that day, he talked to you every day for the longest time and he knows you are waiting on the other side for him just like you said. I know you were with him by the way he talked and laughed. We love you buddy and Miss you but we feel your love and spirit with us every minute.*
