“ Mason was like a brother to me. We were friends for 7 years. He was one of the kindest humans that had ever been in my life. We planned so many adventures together. I am sad that we won't have the chance to take those adventures together. Mason, I will take those adventures for you. Thank you for being a true blessing in my life. Thank you for being you so fiercely. You will be missed forever. I love you, brother. Rest peacefully. I will see you in another life.

“ I met Mason when he start working with me in Richmond. Mason was always the one person that I could talk to about anything even if I knew I should have listened to him he would give me a hard time but then we'd laugh. Mason was always there for me no matter what if I was in the hospital Mason was the first person to FaceTime me and just give me a look. Our friendship grew stronger and a lot more difficult in the middle but we always got through it together. He will always have a huge and special place in my heart that nobody will ever be able to fill he was one of my closest and best friends and so much more I'm just glad he's not in pain anymore and is finally at peace and no longer hurting. I love you Mason as stubborn as we both were you're always gonna be with me.
