“ Remembering Patsy as part of our Pacesetters Team during the 1982 United Way Campaign. Also, our friendship continued during her years with Bass & Royster. She was such a fine person and a very caring lady who was respected by all who knew her. My condolences to Patsy's family and friends during this difficult time.

“ Patsy... A vivacious lady with a memory like no other! Patsy and brother Richard are related to my sisters and I through our paternal Grandfather James Johnson Cole. As their father and mine (Grover and Pierce) were half brothers we didn't meet until the past several years. And thank goodness we finally did! RIP dear Patsy!

“ *My deepest condolences to Patsy's family. She was a very special lady. I remember many conversations with her - a lot of them regarding our beloved Tar Heels - when she worked with Bass & Royster Builders and I was doing a lot of their cabinet work. I had lost contact with her after she retired, but I hardly ever passed their old office that I didn't think about her and wonder how she was doing. She was a great lady that will be missed.*
