“ Priscilla,

*Thank you for loving me and believing in me since the very first day that you and Virgil met me. I have never had a friend like you: you were so selfless, generous, and kind. You did so much for me.*

*There is never a day that goes by that I don't think about you and miss you. I am surrounded every day by the sweet mementos you gave me to remind me of your belief in me. I always thought that you would be at my first mass, in your favorite spot: the right side, in the 3rd to last pew—your beautiful hair always giving you away :).*

*Like I promised you, a decade ago, I will offer my first mass for you. I wish I could do more to show you how much you meant to me, but as we believe this is the best help imaginable.*

*I love you, friend. Thank you for everything. Please pray that I can be the person that you believed that I could be.*
